Jim, not in attendance. We discussed possibility of GM or Chrysler lots. We need a contact person. Brad Owen might have a distant connection. We decided to relook at lots that have turned us down. A thought went out to contact San Diego Region to contact Qualcomm they might have a connection to the Cardinal Stadium.

Steve talked with FIR they will be resealing the surface in a few weeks and Steve was invited to do a test of the surface. He will let us know and a few will go out and see if it is any better.
